12/15/2021

Dear Alameda County Fish & Game Commission,

I am writing to you today to thank you for your grant of \$10,000 towards our wildlife rehabilitation program for the 2021 year. Thanks to your generous support, Yggdrasil Urban Wildlife Rescue was better prepared to do our vital wildlife work here in Alameda County.

Thanks to your funding, our wildlife rehabilitation center was able to help over 620 animals get a second chance at a wild life in 2021, (so far – the year is not quite over yet!). That breaks down to:

484 Mammals

6 Reptiles

5 Amphibians

133 Birds

These animals were directly helped by your grant funding.

In addition to our active wildlife rehabilitation program, we were able to relaunch our education programs in 2021, following the COVID-19 shutdown. We participated in 2 public in-person STEM events teaching about Natural History and Environmental Sciences, as well as several online education events.

Thank you for your ongoing support of our wildlife rehabilitation work. 2021 marks our 20th year helping local wildlife get a second chance. We look forward to continuing our work for another 20 years and hope you will continue to join us on this journey for years to come.

Please enjoy a few of the amazing wildlife animals directly helped by your support.

Sincerely,

Lila Travis
Yggdrasil Urban Wildlife Rescue

Yggdrasil Urban
Wildlife Rescue
helped over 205
opossums get a
second chance in
2021, thanks to you.

Thanks to you,
we saved over
160 squirrels
in 2021!

and 134 Birds...

THANK
YOU FOR
YOUR
SUPPORT!
